

Precision supply where it matters.

A defense supply company serving defense, federal, and allied buyers with TAA-compliant sourcing and precision fulfillment.

Clean Bids.

We don't bid what we can't execute. Every solicitation is screened for TAA, BAA, ITAR/EAR, and spec compliance before submission. Award rate matters less than award integrity.

Systems-Driven Precision.

Every solicitation is screened against compliance, sourcing feasibility, and delivery lead times before a bid goes out. Nothing ships we haven't already solved on paper.

Global Reach, U.S. Accountability.

Qualified suppliers across ten countries on three continents — with a California prime of record. Global sourcing without offshore risk.

Deliberate Growth.

Capabilities and certifications added when earned, not when announced. Capacity scales behind execution, never ahead of it.

SCOPE

Approximately 40 Federal Supply Groups across four operating categories:

Industrial & Mechanical

FSG 31, 34, 35, 39, 43, 47, 48 — bearings, metalworking machinery, service equipment, materials handling, pumps, valves, piping.

THE NAME

Bastogne. Ardennes. December 1944. A small force held a critical supply junction against odds. No matter what. The same commitment carries the name forward.
